LOCATION

OVER VIEW

Cherai Beach Resorts is exquisitely landscaped with lagoons and canals meandering in and around a number of cottages (heritage & modern) built around picturesque greenery overlooking the clean beach at the front and serene backwaters behind. Amongst these are traditional heritage Fishermen villas facing backwaters & the Modern villas fully air-conditioned and with all modern facilities. The resort is designed with love and style. Each and every detail is just perfect.

Sun rises at the backwater side of the resorts – first you see a wave of crimson at the eastern horizon. As and when it approaches Cherai, it thickens to molten gold and in minutes you see it merging with the ubiquitous skies and backwaters turning everything in and around it into a maze of crimson yellowish gold. The sun sets in front of the resorts in the Arabian Sea.
